DRAFT CITY PLAN 2030

What is a City Plan?

The City Plan 2030 is Council's key strategic document which provides the long term direction for the City. It takes into account the community, the area, the industry and business environment, employment, environment, government relationships, vulnerabilities challenges and opportunities.

Our City Plan is focused on the strategies that we must focus on and the priorities that must be delivered to achieve our goals by 2030.

What is Councils Vision?

Our City Plan 2030 reflects your aspirations for the future. Our shared vision is:

"A city that values its diverse community and embraces change through innovation, resilience and community leadership".

What is Council's long term goals?

The City Plan 2030 sets out an exciting future where:

- Our **Economy** will be strong, with job opportunities within our City and investment in our area
- Our **Community** will feel safe, connected and active
- Our **Environment and Heritage** are unique and protected
- Our **Places** will be interesting, educational and creative
- Our **Leadership** provides confidence and clarity in decision making

How will Council deliver on the City Plan 2030?

All of our Strategic, Asset Management and Section Plans help us work towards our City Plan vision. In order to deliver on these plans, we build and maintain a Long Term Financial Plan available at www.cityofpae.sa.gov.au/plans

Annually we focus on the areas that need to be delivered to get us closer to the long term vision. This is planned and managed through the Annual Business Plan and Budget process
